

Agribusiness Management

AHC51422 Diploma of Agribusiness Management

Program Overview

The Regional Skills Training (RST) AHC51422 Diploma of Agribusiness Management training is designed for experienced and future farm business managers. It is also suitable if you are interested in becoming, or already working in:

- > Farm administration
- > Farm production management/administration
- > Station/property or agribusiness management/administration.

When undertaking this training you will be required to:

- > Take personal responsibility and exercise independence in undertaking complex work
- > Analyse information and exercise judgement to complete a range of advanced skill activities (theoretically based) which will also lead to the development of your own business plan.

You will gain knowledge in areas of:

- > Business planning
- > Gross margins and benchmarking
- > Cash flow budgeting
- > Succession planning
- > Machinery management
- > Grain marketing
- > Understanding your financier, taxation and superannuation
- > Farm risk and insurance
- > Cropping and livestock production planning.

RST utilises both in-house lecturers and local industry experts to deliver these topics which are relevant to farming and to local farming areas.

SPECIFIC EQUIPMENT

Students need to wear work boots and appropriate work wear for practical workshops and have access to a laptop or tablet and a smart phone.

Topics

INTRODUCTION TO BUSINESS PLANNING AND ADMINISTRATION

- > What a business plan should contain
- > Setting farm business objectives
- > The layout and functions of an efficient farm office.

- > Analysing the pros and cons
- > Get better or get bigger?
- > Calculating a fair lease price
- > Lease agreement content.

Funding and eligibility information

Subsidised training places are available subject to eligibility through the South Australian government WorkReady initiative. For further information and to check your eligibility visit: www.skills.sa.gov.au.

Accessing WorkReady funding may affect your eligibility for future funding.

Payment plans are available if needed.

A concession rate is available if you are eligible. Refer to the course fee sheet for cost and concession details.

If you are looking to do a traineeship under a Training Contract, RST can put you in touch with an apprenticeship network provider consultant who can advise on eligibility and arrange the paperwork for your Training Contract.

Delivery regions

For groups of 12 people or more, RST will travel to your local region and conduct face to face workshops. Where possible, we will engage local industry experts to deliver some topics. For those who wish to study via open learning, an individual learning plan can be designed to suit you and your business's needs. Open learning students complete their studies using our online portal. All students have access to one on one phone and email support.

Frequently asked questions

HOW MANY WORKSHOPS WILL THERE BE?

Generally, there will be around 10 workshop days. Some of these days will cover two topics. Online students do not have attend workshops.

WHAT IF I MISS A WORKSHOP?

We understand that sometimes it may not be possible for you to attend a workshop due to work, family or other commitments. You can easily catch up on missed topics using our online portal, webinars or one on one phone sessions.

HOW LONG WILL MY TRAINING TAKE?

On average to gain your qualification the time frame is usually 18 months to 3 years depending on your needs and work commitments.

DO I HAVE EXAMS?

You are not required to take exams, however you will need to complete assessments for each topic. Don't let that deter you – all assessments are designed so you can use your own property as a case study and input your own business information.

DO I NEED TO COMPLETE A LANGUAGE, LITERACY AND NUMERACY ASSESSMENT TO ENROL?

As per government funding and training standards, RST is required to determine the support needs for students. As such, RST requires all students to complete an upfront assessment of needs process (UAN).

A suitability and support needs checklist will be completed as part of the enrolment process. Students will need to complete a Language, Literacy and Numeracy Assessment. Where language, literacy and numeracy barriers are identified, student support will be provided.

Testimonials

RST has received exceptional feedback about this course and takes great pride in helping contribute to one of our nation's most important industries.

“... We loved the course and it has helped us to view our business differently. I love the idea of creating a business plan via all the assignments...”

– Cleve, SA

“Learning from presenters as well as other farmers and exploring issues together with my husband has helped us to keep our business growing”

– Lochiel, SA

“This has given me the ability to apply my learning straight away to my business – the course paid for itself in months”

– Lochiel, SA

“It was great in building my capability to ask the hard questions of our business and set better directions”

– Kimba, SA

“Subjects taught were relevant to our business and now we can operate the business better thanks to this course”

– Kimba, SA
